# Embrace Innovation and Culture at HM Hochschule München University of Applied Science

Join us for an immersive summer school experience in the beautiful city of Munich, at HM Hochschule München University of Applied Sciences — one of Germany's top-rated universities. Our program offers a unique blend of cutting-edge academic content, industry insights, and rich cultural experiences.

## Program Highlights:

### Thematic Focus:

- **Clean Energy Technologies - German Production:** Explore sustainable energy solutions and German innovation in clean energy.
- **Sustainability and Smart Energy & Grids:** Delve into the future of energy management and sustainable infrastructure.
- **Smart Buildings and Cities:** Understand the role of smart technologies in creating sustainable urban environments.
- **Innovations - Made in Germany:** Learn about groundbreaking and technological breakthroughs from Germany.

### Labs:

- **Intelligent Manufacturing:** Discover the latest advancements in smart manufacturing technologies.
- **Lean Production: Lean meets Digital:** Learn how to integrate lean principles with digital transformation to optimize production processes.
- **Smart Building & Monitoring & Energy Supply:** Discover the future of sustainable living with our specialised course on Smart Buildings.

### Company Visits:

- **MAN and BMW:** Gain firsthand insights into the operations of leading automotive manufacturers MAN and BMW. Experience the renowned precision, innovation, and quality of German car manufacturing.

### Intercultural Program:

- **Intercultural Training:** Gain insights into cultural differences and learn how to effectively cooperate with Germans.
- **Cultural Highlights:** Visit iconic landmarks such as Neuschwanstein Castle and the charming city of Salzburg.

Come and experience the best of both worlds — innovative academic content and unforgettable cultural experiences. We look forward to welcoming you to Munich!
